

Vipul Sharma

Second year CSE undergraduate, IIT Mandi

WORK EXPERIENCE

AUGUST 2018 – PRESENT

Programming Club, IIT Mandi

Member, Programming Club

Maintaining programming club related activities around the campus. Conducting workshops for freshers related to development and competitive programming.

JUNE 2018 – SEPTEMBER 2018

Rann-neeti, IIT Mandi

WebD Coordinator, Rann-neeti IIT Mandi

I was the web development coordinator in the official sports fest of IIT Mandi - Rann-neeti. Managed registrations, online schedules and design during this period.

PROJECTS

JULY 2018

Rann-neeti 2018

HTML/CSS, MySQL, PHP

Website for Rann-neeti 2018, which is the official sports fest of IIT Mandi.

MARCH 2017

CarPool

Python/Django, HTML/CSS

A car pool system created for STAC Hackweek 2018. It is made keeping in mind the problem of transportation when you have to reach Mandi from campus or vice versa for some work and the bus timings are not favourable. Someone might also be going to the same location using his/her personal vehicle and is willing to help, can use this app.

NOVEMBER 2018

GithubUnfollowers

Javascript/jQuery, Github API, HTML/CSS

GithubUnfollowers is a JavaScript webapp. It gives an easy way to list all those people who don't follow you back on Github. See demo
